Forget the General Ledger, make way for Blockchain with CRI.

Why CRI?

With advantages like increased transparency, data security, and automation, Blockchain has quickly become one of the hottest topics in the business world and beyond. CRI's IT Audit* and Assurance* professionals possess the relevant skills and experience with this alluring new technology, including building Blockchain environments using third-party environments and developing processes to validate the all-important Genesis block. Our team's knowledge of Blockchain application can help your organization reduce operational costs and give you a competitive advantage.
